BUILD A RESORT ON 30,000 HECTARES OF WHITE SAND BEACH OR KEEP IT LOW AND STEADY UNDER \$3000

Intro to an Investment Portfolio

The Philippines is primed for investments and the OSEPDC can facilitate a range of options to suit the size of the investment and the desired level of involvement. Small, medium, and large enterprises are well-represented. Whichever option the concerned global citizen goes with, they can be certain of strengthening communities and producing social and financial value.

- 1 **High-Commitment Investments.** For very hands-on investors who wish to be involved at the grassroots level. Here they gain access to a list of individual investment opportunities and find themselves playing an active part in running long-term projects.
- 2 **Medium-Commitment Investments.** For hands-off investors who are nevertheless interested in specific investments. They may not be involved in the day-to-day affairs but this arrangement allows them to have an impact on particular businesses and people. Many of these investment opportunities return one's investment in 3 to 5 years.
- 3 **Low-Commitment Investments.** For investors who like to fund-and-forget at least some of their investment instruments. Speed and convenience are provided by an assortment of bond and mutual funds designed to uplift Filipino workers while at the same time yield a good return on investment.
